***Here's your new 2022 Solid
Waste & Recycling Handbook!***

THE CITY OF EAST ORANGE

Make Recycling part of your life!

Calcifer Persaud, 5th Grader, Benjamin Banneker Academy – 1st Place Winner

2022
SCHEDULE

**Solid Waste and
Recycling Handbook**

SOLID WASTE RULES

Dear Residents:

I hope you and your families are doing well as we continue to fight against the COVID-19 Pandemic and return some sense of normalcy to our city. Our Department of Public Works has done a phenomenal job of keeping our city clean and responding to clean-up efforts in the aftermath of state-related emergencies such as the unexpected devastation of Hurricane Ida.

I also want to remind you how important it is for us to work together to keep our city clean and safe for everyone. To further reinforce this message, we launched an anti-littering campaign with the slogan, "Talk Trash: Don't Throw It!," a tongue-in-cheek emphasis on the importance of putting garbage where it belongs.

We also have launched several new projects that will change the look and feel of the entire corridor of Main Street. The construction of The Crossings at Brick Church, a new mixed-use redevelopment, and the "Main Street Streetscape Improvement Project" will be among several redevelopment projects starting in our Transit Village this year.

As you read through this handbook, you also will see the submissions from the winners of our "Clean and Green Poster and Essay" Contest. Raising awareness at an early age is key to creating a mindset that embraces and respects our neighborhoods, our environment and each other.

Moving forward into 2022, let's continue to challenge ourselves and each other to take care of our city and to remain united as "One City, One Community, With One Goal and That Goal Equals Progress."

Please mark your calendar for the shredding dates:

February 5 **August 6**
May 7 **November 5**

Sincerely,

Mayor Ted R. Green

CHANGES IN LEAF COLLECTION

Leaves will no longer be collected loose in the roadway. Leaves **MUST** be contained in biodegradable bags. Once this is done, put them on the the curb the night before your leaf collection day. This is only during leaf season - November - January. All other times, they are bagged and put out as bulk trash.

- A. North Section - leaves will be picked up Thursday and Friday.
- B. Central Section - leaves will be picked up on Wednesday.
- C. South Section - leaves will be picked up on Monday and Tuesday.

Reminder:

It's a crime to remove materials which have been placed at the curb for recycling!

GARBAGE

Garbage is waste resulting from food preparation and other usual household functions, not: recyclables, bulky trash, appliances or scrap metal.

Garbage is picked up from the curb 2 times a week, not on certain holidays. If you do not know your garbage pick up days, refer to the street lists in this Handbook to find your section.

Do not place garbage for pick up prior to 5:00 p.m. the night before your scheduled pick up day.

Garbage should be in a can or plastic bag for pick up, not paper bags or boxes.

The City does not pick up any hazardous material, dirt, stones, concrete, bricks, tree stumps or logs.

For dead animals at the curb or in the roadway call (973) 266-5337

TIRES, TELEVISIONS, COMPUTERS, ELECTRONICS, REFRIGERATORS, FREEZERS, AIR CONDITIONERS AND ALL OTHER APPLIANCES OR METALS

All items above are by appointment only.

Please call (973) 266-5337 before you place them at the curb in order to be placed on the collection schedule. You will be told what day to place the items at the curb.

Remember to remove doors from refrigerators and freezers for safety.

Visit our website: www.eastorange-nj.gov

SOLID WASTE RULES CONTINUED

LIMIT ON BULK TRASH

A limit of 3 bulk items is all that we will collect on your bulk day. Bulk items consist of furniture, cabinets, mattresses, box springs, doors, screens, rolls of carpet (must be cut to 4 feet wide), bathroom fixtures, empty paint cans and similar items, as well as lawn and garden debris described below.

If in fact you have more than this 3 item limit, you CANNOT put it at the curb.

Scrap wood and branches (cut to 4 foot lengths and tied in no more than 3 bundles, that can be lifted by one person), is also bulky trash.

No need to call if you have bulky trash.

Keep bulky trash separate from your garbage when you place it for collection. Do not place bulky trash or garbage for pick up prior to 5:00 p.m. the night before your scheduled pick up day.

LAWN AND GARDEN DEBRIS - 3 BAGS TOTAL

Branches 3 bundles, (cut to 4 feet long and tied) and lawn rakings (a maximum of 3 bags of construction debris, bag weight limit of 50 pounds will be accepted on your bulk garbage day). We do not collect dirt, stones, concrete, bricks, tree stumps or logs. Bulky trash & lawn and garden debris are collected every week by a separate truck. Refer to the street list to find your section and pick up day.

Do not place grass clippings, branches, bushes or other lawn and garden debris in the street at any time.

Shyann Clark, 7th Grader, Pride Academy Charter School – 2nd Place Winner

FIND YOUR COLLECTION DAYS

To find your collection day for Garbage, Bulk Trash and Recycling, look on the following pages to find your street. Some streets are located in more than one area, so also check your address. When you find your address and street, the top of that page lists your collection days.

RECYCLING RULES

Do not use plastic or paper bags for collections.

SINGLE STREAM

Single stream all recycling can be put in the same container.

NEWSPAPERS

All sections of the paper including magazine section.

CARDBOARD

Cardboard is recyclable, not garbage or bulk trash.

GLASS BOTTLES, JARS & METAL CANS

Recyclable: Food cans, baby food jars, pet food cans, mustard jars, soda cans, pickle bottles, beer cans/bottles, juice cans/bottles, liquor bottles, spray cans.

Not Recyclable: Window glass, dishes, drinking glasses, bulbs, paint cans, aluminum foil pans.

Preparation: Rinse, clean and place all colors of glass and metal mixed together in a sturdy reusable container large enough to hold all your glass, metal and plastic between collections.

PLASTIC BOTTLES

Recyclable: Soft drink bottles, milk, water, juice jugs, laundry detergents, bleach or softener bottles.

Not Recyclable: Yogurt cups, food storage tubs, motor oil bottles, plastic bags, toys.

Preparation: Rinse clean, crush or step on container, place in the same container as glass and cans.

RECYCLE...IT'S THE LAW

Plastic and glass bottles, glass jars, cans and newspapers must be separate from garbage.

Have a question? Call the Recycling Line at 973-266-5337.
(TTY NJ Relay 1-800-852-7899)

CLEAN & GREEN/SMALL TOOLS LIBRARY

The Clean & Green Environmental Education Center is open to help you develop a successful Clean Community Program. We have a wide variety of programs which are available to schools, churches and civic groups. These programs are designed to provide you or your group with the resources to make our city a clean community.

Our "Small Tool Library" is stocked with a wide array of tools. East Orange homeowners, residents and tenants may borrow these tools for small home improvement projects.

GRASS, CUT IT & LEAVE IT PROGRAM

Grass clippings are a major part of Essex County's municipal solid waste stream, and like other highly recyclable materials—such as newspapers, plastics, glass and aluminum recycling grass clippings, can help reduce the amount of waste to landfills.

What can you do to help? It's real simple. Just leave your grass clippings on the lawn when you mow, or purchase a mulching mower.

2022 HOLIDAY SCHEDULE

New Years Day	January 1	Saturday
Memorial Day	May 30	Monday
Independence Day (<i>observed</i>)	July 4	Monday
Labor Day	September 5	Monday
Thanksgiving	November 24	Thursday
Christmas Day (<i>observed</i>).	December 26	Monday

If your garbage, bulky trash or recyclables are usually collected on one of the days listed above, DO NOT place your garbage, bulky trash or recyclables out for collection.

Recycling Pickup: Tuesday (see bulletin for dates)
 Garbage Pickup: Monday, Thursday
 Bulk Trash: Every Thursday (see limit of 3 items)

GREASE DISPOSAL TIPS TO HELP EAST ORANGE'S ENVIRONMENT

East Orange needs the help of all its residents to keep our sewer system running properly. Liquefied fat, oil or grease that is poured down the kitchen sink drain can cause serious impacts such as blocked pipes. If wastewater can't move freely through the pipes and out into the sewer system, it can back up into your home and can cause unsanitary conditions and expensive damage. By following the guidelines below, you can help avoid repeated repairs and unnecessary disruptions to residences and businesses.

PROPERLY DISPOSE OF COOKING OIL AND GREASE

DO NOT pour cooking oil, poultry fat or grease into the kitchen sink or the toilet bowl.

DO NOT use hot tap water and soap to wash grease down the drain because it will cool and harden in your pipes or in the sewer down the line.

INSTEAD

DO use paper towels to wipe residual grease or oil off dishes, pots and pans prior to washing them.

RECYCLE USED MOTOR OIL

When poured down house or storm drains, motor oil may travel to your local stream, bay or harbor, where it can harm underwater vegetation and aquatic life. East Orange DPW will accept used motor oil at no charge. Remember not to mix your motor oil with any other substance. Please put your used oil in a sturdy container and take it to the Midland Yard located at 133 Midland Avenue for recycling.

CONTACT US

For more information on disposal of motor oil and residential or commercial grease, or to report illegal dumping into street storm drains, call the Sanitation Division at 973-266-5337.

SOLUTIONS TO STORMWATER POLLUTION EASY THINGS YOU CAN DO EVERY DAY TO PROTECT OUR WATER

A GUIDE TO HEALTHY HABITS FOR CLEANER WATER

Pollution on streets, parking lots and lawns is washed by rain into storm drains, then directly to our drinking water supplies and the ocean and lakes our children play in. Fertilizer, oil, pesticides, detergents, pet waste, grass clippings: You name it and it ends up in our water.

Stormwater pollution is one of New Jersey's greatest threats to clean and plentiful water, and that's why we're all doing something about it. By sharing the responsibility and making small, easy changes in our daily lives, we can keep common pollutants out of stormwater. It all adds up to cleaner water, and it saves the high cost of cleaning up once it's dirty.

As part of New Jersey's initiative to keep our water clean and plentiful and to meet federal requirements, East Orange and other public agencies, including colleges and military bases, have adopted ordinances or other rules prohibiting various activities that contribute to stormwater pollution. Breaking these rules can result in fines or other penalties.

As a resident, business, or other member of the East Orange community, it is important to know these easy things you can do every day to protect our water.

LIMIT YOUR USE OF FERTILIZERS AND PESTICIDES

- Do a soil test to see if you need a fertilizer.
- Do not apply fertilizers if heavy rain is predicted.
- Look into alternatives for pesticides.
- Maintain a small lawn and keep the rest of your property or yard in a natural state with trees and other native vegetation that requires little or no fertilizer.
- If you use fertilizers and pesticides, follow the instructions on the label on how to correctly apply it. Make sure you properly store or discard any unused portions.

PROPERLY USE AND DISPOSE OF HAZARDOUS PRODUCTS

- Hazardous products include some household or commercial cleaning products, lawn and garden care products, motor oil, antifreeze, and paints.
- Do not pour any hazardous products down a storm drain because storm drains are usually connected to local waterbodies and the water is not treated.
- If you have hazardous products in your home or workplace, make sure you store or dispose of them properly. Read the label for guidance.
- Use natural or less toxic alternatives when possible.
- Recycle used motor oil.

SOLUTIONS TO STORMWATER POLLUTION
EASY THINGS YOU CAN DO EVERY DAY TO PROTECT OUR WATER

KEEP POLLUTION OUT OF STORM DRAINS

- East Orange and many other public agencies are required to mark certain storm drain inlets with messages reminding people that storm drains are connected to local waterbodies.
- Do not let sewage or other wastes flow into a stormwater system.

CLEAN UP AFTER YOUR PET

- East Orange has enacted and must enforce local pet-waste rules.
- An example is requiring pet owners or their keepers to pick up and properly dispose of pet waste dropped on public or other people’s property.
- Use newspaper, bags or pooper-scoopers to pick up wastes.
- Dispose of the wrapped pet waste in the trash or unwrapped in a toilet.
- Never discard pet waste in a storm drain.

DON'T FEED WILDLIFE

- Do not feed wildlife, such as ducks and geese, in public areas.
- East Orange and other public agencies enacted, and must enforce, a rule that prohibits wildlife feeding in these areas.

DISPOSE OF YARD WASTE PROPERLY

- Keep leaves and grass out of storm drains.
- Follow yard waste collection rules.

STUDENT ESSAY WINNER

We as a people living in East Orange can make a big difference in our community. There is trash on many parts of our streets. I think there aren't enough trash cans where needed. Most of the time, people see trash cans and still throw trash on the streets. Also, some trash cans aren't being changed often and people just add their trash on top of trash. I have some ideas to help our community stay clean and green.

My first idea would be to have more and much larger, color-coded trash cans in high traffic areas of East Orange, which will be seen.

My second idea is to have a trash pickup competition so we can see who can collect the most trash or recycle to win a little prize so people can get motivated to pick up trash. Also, this can be a monthly or seasonal thing, so it happens more than one time in a year. By the end of the year, a lot of the trash on the roads will be completely cleared off.

My third idea is called Operation Trash Count Pickup. This idea is like the first one, but only bigger. What this operation is about is the communities around East Orange will compete to see who can collect the most trash. With more than one community competing, more places will get clean. By the end of the competition, more and more places will probably want to compete.

My fourth idea is so simple, easy-to-do-by-yourself and an eventually-it-should-work type of idea. My idea is to help by doing MY part to keep East Orange clean and green. I can help clean my streets, take out the trash, keep the house clean, pick up litter, don't litter, recycle and repeat. It may take forever to get an entire community clean, but if we do our part together, we can do it in no time.

My final idea for keeping East Orange clean and green is called "Schools Help Save Community." Like I stated in my fourth idea, if we all do our part, schools should, too. Students in school should help clean their classroom when the day is over and done and they should win awards at the end of the year for helping. The award should be kept secret the first year it is being awarded. After that, students will want to clean more to get the award, and when they leave and go to middle school, high school or college, they will bring cleanliness with them. Remember, what has been said many times and what my mother always tells me: "Cleanliness is next to Godliness."
